

Colonoscopy - GoLytely/Colyte/Nulytely W/Dulcolax

Your procedure is scheduled on:	(Date)
Please check in at the Reception desk at	Your procedure is scheduled for

Pre-Procedure Information:

√ Harmony Surgery Center is located at:

2127 East Harmony Road, Suite 200 Fort Collins, CO 80528 Scheduling: (970) 297-6367

If you need directions to our facility, please visit our website at www.harmonyasc.com

- ✓ Please Remember
- ✓ You must have a driver to take you home. Your driver will need to be 18 years of age or older and must be willing to sign you out as your responsible party. You will not be permitted to drive or take a cab home after the procedure. You are not allowed to drive until the next day. If you do not have a driver your appointment will be cancelled.
- ✓ Please leave all jewelry and valuables at home.
- ✓ Please bring your **Insurance Card** and a **Photo ID** (driver's license, passport or military ID).
- ✓ If you need to cancel or reschedule your procedure for any reason, please call our scheduling department at 970-297-6367. If you cancel with less than a 72-hour notice before your procedure, you may be charged a \$300.00 cancellation fee.

General Information:

- ✓ The laxative will cause diarrhea. Good visualization of the colon depends on adequate colon cleaning.
- ✓ If you are unable to complete your prep, notify Harmony Surgery Center at 970-297-6367. If you have an urgent request after hours, please call 970-207-9773 and the gastroenterologist on-call can assist you.
- ✓ Take your medications as you normally would up until 4 hours before your procedure.

TIMELINE	What YOU Need to Do	Comments
1 day before your procedure at	☐ Take 2 Bisacodyl (Dulcolax) laxative tablets.	
12:00PM	☐ SKIP THIS STEP. PROCEED TO NEXT STEP BELOW.	
1 day before your procedure at 5:00PM	 Mix the Colyte/GoLytely/NuLytely with 1 gallon (4 liters) of water in the container provided. Shake or mix well. You may chill the solution but do not ice it. To improve the taste, you can add Crystal Light (not red or purple colored) to the prep Continue with clear liquids for the rest of the evening 	Stay close to a restroom. You may use baby wipes or A&D ointment to alleviate discomfort from your prep.
1 day before your procedure at 6:00PM	 Begin drinking the prep solution. Drink 8 ounces (1 cup) every 10-15 minutes until you have drunk 13 cups. This is ¾ of the gallon container. Save 4 cups (or ¼ of the container) for the next morning. Continue drinking clear liquids for the rest of the evening 	

DAY OF PROCEDURE: FIVE hours' prior before check-in time (For example, if you are to check-in at 7:15am, you will need to get up at 2:15am and drink the rest of the liquid in the gallon container.)	 You may take your medications as instructed (especially heart and blood pressure) up to 4 hours prior to checking in for your procedure. Begin drinking the remaining prep solution. Drink 8 ounces (1 cup) every 10-15 minutes until you have finished the remainder of the gallon container. Follow specific directions given by your physician regarding insulin, oral diabetic pills, and blood thinners. After that, stop all fluids. Nothing by mouth, including gum, mints, and candy starting 4 hours prior to your procedure until after your procedure is complete. 	DO NOT take any medications after completing your 2 nd dose of prep. Your bowel movements will turn watery and toward the end of the prep-will appear yellow or clear. If the bowel movement is NOT YELLOW OR CLEAR, notify the pre-op nurse when you arrive at the facility.
Appointment time	 Arrive at your appointment check-in time with your responsible adult driver (see page 1). 	For your safety, your procedure will be cancelled if you do not have a ride home arranged.

Important Billing Information....

As you prepare for your procedure, we want to make sure you understand how you will be billed for the services you receive. At a minimum, you will receive three separate bills. Depending on your specific procedure, you may also get additional bills.

Billing Sources...

Surgery Center's Bill:

You will get a bill from us for what is known as the facility fee. This fee is for the staff, supplies, equipment and medications we provide for your safe and successful experience here.

Surgeon's Bill:

Since the physician performing your surgery is not an employee of the Center, you will be billed separately for these services. The physician's bill will be sent from the physician's office.

Anesthesia Bill:

The anesthesia you receive during your procedure will be supervised by an Anesthesiologist and provided by a Certified Registered Nurse Anesthetist and you will be monitored throughout the procedure. Please call 970-224-2985 if you have questions regarding anesthesia.

Other Bills: Depending on several factors related to your procedure, you may receive services and additional bills which may include:

- <u>Laboratory Bill:</u> May include fees for blood or urine tests.
- Pathology Bill: May include testing of any tissue samples taken during the procedure. Pathology results will be available from your physician's office 7-10 days after your procedure.

Colonoscopy Guidelines to Keep in Mind...

The Affordable Care Act passed in March 2010 allowed for several preventative services, such as colonoscopies, to be covered at no cost to the patient. However, there are many caveats that prevent patients from taking advantage of this provision. There are now strict guidelines that explain which colonoscopies are defined as a preventative service (screening). These guidelines may exclude many patients with gastrointestinal histories from taking advantage of the service at no cost. Patients may be required to pay co-pays and deductibles. In addition, an inadequate bowel prep may result in additional charges.

Diagnostic/therapeutic colonoscopy

Patient has past and/or present gastrointestinal symptoms, polyps, or gastrointestinal disease. This may equate to patient copay, deductible or coinsurance.

Surveillance Colonoscopy

Patient is asymptomatic (no gastrointestinal symptoms), has a personal history of gastrointestinal disease, colon polyps and/or cancer. Patients in this category are required to undergo colonoscopy surveillance at varying ages and intervals based on the patient's personal history. Surveillance colonoscopy is performed to monitor the potential risk of reoccurrence of the condition/disease. This may equate to patient copay, deductible or coinsurance.

High Risk Screening Colonoscopy

Patient is asymptomatic (no gastrointestinal symptoms either past or present), has a family history of gastrointestinal disease, colon polyps, and/or cancer.

Preventive Colonoscopy Screening

Patient is asymptomatic (no gastrointestinal symptoms either past or present), over the age of 45, has no personal or family history of gastrointestinal disease, colon polyps, and/or cancer. The patient has not undergone a colonoscopy within the last 10 years.

<u>Can a diagnosis or procedure code be changed, added, or deleted so that I may be considered a screening procedure?</u>

No. Often insurance representatives will tell a patient that if only the claim was coded with a "screening" diagnosis it would have been covered at 100%. However, the "screening" diagnosis can only be amended if it applies to the patient. Many insurance carriers only consider a patient over the age of 45 with no personal or family history as well as no past or present gastrointestinal symptoms as a "screening" (Z12.11). However, if any polyps are found and removed the procedure may then become diagnostic. Furthermore, the patient encounter is documented as a medical record from information you have provided as well as an evaluation and assessment from the physician. It is a binding legal document that cannot be changed to facilitate better insurance coverage. Please understand there are strict government, insurance company and coding guidelines against altering a chart or bill for the sole purpose of coverage determination. This is considered insurance fraud and punishable by law.

Our staff will do their very best to help you with questions and guide you to the proper sources of information. Please contact your insurance company in advance to verify network status, benefits and facility coverage. If you have any questions about this information, please contact us at (970)297-6449, (970)297-6435 or (970)297-6454. Thank you!

Are you having a colonoscopy? This guide will help answer some basic billing questions
